

## STRAPS AND BELTS

### INDUSTRIAL SUPPORT BELTS

Our industrial support belts feature a patented downward angle that fits the natural shape of the back with built-in lumbar pad for added stability to both the lumbar and sacral region of the back. Also features patented hip and rib contour for extra comfort with patented one-way velcro for an exact fit. Belts widen in front for extra abdominal support. Dual closure system with heavy duty stainless steel slide bar buckle. Hand wash only with mild detergent. 2-year warranty. Available with or without safety detachable suspenders.

## FOREARM FORKLIFT PRO

(longer length than Forearm Forklift)  
Two feet longer for extra large size items.

Item# Forearm Pro  
Non-Member Price \$24  
**Member Price \$20**

## SHOULDER DOLLY® LIGHT DUTY™

The Shoulder Dolly® Light Duty™ lifting system provides leverage, keeps lifters in the proper lifting position and makes the load feel lighter. Instead of lifting with the small muscles you lift with the big muscles!! Without the Shoulder Dolly® Light Duty™ lifting system people are forced into moving furniture, appliances, big screen televisions and other bulky objects by lifting with their hands, forearms and low back muscles. These muscles are not programmed to withstand this type of strain and this is why moving can be so difficult and frustrating. This is also why so many lifting related injuries are reported every day both on and off the job. The Shoulder Dolly® Light Duty™ lifting system utilizes the strength of the large shoulder and leg muscles for lifting and carrying, freeing up the small hand and forearm muscles for better balance and control. The system has been proven (with lumbar motion monitors) to significantly reduce strain and risk of injury to the lower back.

Item# Shodolly LD  
Non-Member Price \$48  
**Member Price \$40**

## SHOULDER DOLLY® HEAVY DUTY

The Shoulder Dolly® significantly reduces the need for traditional wheeled dollies. The system allows moving heavy and bulky objects safely over adverse terrain, yet gives the sensitive control necessary to navigate over fragile hardwood and custom tile floors and around interior walls. Shoulder Dolly® also increases efficiency and reduces the opportunity for personal injury.

Item# Shodolly HD  
Non-Member Price \$312  
**Member Price \$260**
