

JIFFY® STEAMER

Ideal for upholstered furniture. Steam and heat allows the fabric to be stretched. Dries in minutes without a wrinkle or pucker.

The J-4000 Pro-Line Series is Jiffy® Steamer's most powerful model designed for commercial purposes. Known as a durable "workhorse" in the industrial fabric and garment trades, the Model J-4000 is an essential tool in a multitude of applications ranging from removing wrinkles to retouching drapery to installing carpet. Numerous cord plugs and steam head attachments available.

This steamer features:

- Durable die-cast aluminum outer housing unit
- Built-in, easy-to-read water level sight gauge also indicates sediment build-up
- Color-coded high temperature wiring
- Convenient PREHEAT and STEAM settings
- Corrosion-proof internal 304 stainless steel boiler tank
- 1500 watt incoloy heating element
- 50/60 Hertz electrical system
- Fusible link with automatic shut-off for safety
- Over 1.5 hours of steam per filling
- Assembly wrench included
- 120 and 230 Volt units available
- Made in the USA

HAND-HELD JIFFY® STEAMER

The Jiffy® Steamer's ESTEAM® is the most powerful hand-held steamer on the market. Made of the finest materials available, many years of research and testing were spent developing the ESTEAM®. The ESTEAM® incorporates many of the same components used in commercial grade steamers making it the finest hand-held steamer on the market.

This simple-to-operate steamer is ideal for showroom and furniture delivery touchup. Over 15 minutes of steam per filling.

ESTEAM® features:

- Up to 3 times more powerful than any other hand-held steamer on the market with 600 watts of steaming force
- No internal water lines or pumps to become plugged
- Uses plain tap water (no salt required)
- Wide mouth, easy-to-fill water tank
- Largest water reservoir on the market...8 ounces
- Over 15 minutes of steam per filling
- 9' long power cord with molded storage clip for more manageable handling
- Designed to fit neatly inside an attaché or suitcase
- Numerous cord plug attachments available
- 120 and 230 volt units with optional voltage converter available
- Made in the USA
